

ANGIO-LINE™

Angiography Diagnostic Catheters

Biometrix's angiography diagnostic catheters provide a pathway for delivering contrast media to the vascular system during an angiographic procedure to selected sites.

Offering top reliable performance in cardiac angiography, Angio-Line catheters offer a safe and efficient solution for patients.

- Features and benefits:
- Soft atraumatic tip for reduced trauma to the vessels
 - Robust structure that still allows flexibility
 - Optimum torque characteristics for excellent handling
 - Custom suites with wide range of introducer sets and guide wires
